

# Broselow Colour Coded Paediatric Emergency Medical Cart

*high quality, lightweight, heavy duty, colour coded for ease of use*

Broselow colour coded Paediatric Emergency Cart is a high quality, lightweight aluminium nine draw colour coded paediatric-resuscitation cart.

Each draw is designed to hold the emergency equipment necessary to perform resuscitation on a child in a weight range designated by colour. The colour coded draws correspond to the colour zones of the Broselow tape to allow for fast and easy identification during an emergency.
